June 1, 2007

Valued Venture Measurement Customer,

I am proud to announce Material Handling and Controls as the newest member of the Bindicator, Kistler Morse and Aaliant/Niagara family of Channel Partners.

As of June 1, 2007, Material Handling and Controls became the exclusive Bindicator and Kistler Morse Representative and Aaliant/Niagara Distributor for the states of Texas and Louisiana.

Material Handling and Controls sales people have decades of experience selling Level, Weighing and Flow products. Please visit their website at [www.materialhandlingandcontrols.com](http://www.materialhandlingandcontrols.com) for specific contact information.

All of us here at Venture Measurement are excited to welcome aboard Material Handling and Controls and we are confident they will be extremely successful with the Bindicator, Kistler Morse and Aaliant/Niagara product lines.

Sincerely,

Rick Kendall  
Regional Sales Manager  
Venture Measurement Company
